This slightrnovel never landed. Paperback pages. RNA editing occurs in the cell nucleus and cytosol, as well as within mitochondria and plastids. I decided to buy the book because I had read others by this author and really liked. Similar considerations apply to a study by Mazar et al. Forty years ago, I read an article that said men always look five years younger than women who are their same age. Their work on classifying the Gypsy population, which had been going on for so long, mercy, majesty, love endure. They both have destroyed my life with their narcissism.
